

## Test Engineer / Senior Test Engineer

**Well-established provider of professional services to the Electronics Industry**

Eurofins York (formerly York EMC Services), a subsidiary company of the Eurofins Group, is a leading international provider of regulatory compliance services and products to the manufacturing and electronics industry, particularly in the fields of EMC, Radio, Electrical Safety, EMF and RF.

Applications are invited for the position of Test Engineer / Senior Test Engineer (Electrical Safety) based on experience to further expand the testing capabilities at our UKAS accredited Bristol laboratory. Duties will include the development of Electrical Safety testing capabilities and performance of such compliance testing for our rapidly expanding customer base.

The successful candidate will ideally have similar proven testing and development experience in a customer driven environment together with excellent interpersonal skills.

Where not already gained, the candidate will need to show a willingness to work towards professional recognition status.

In return, the post attracts:

Competitive salary

Contributory DC pension

An impressive array of employee benefits

Professional development & recognition opportunities

Pleasant working location based in Bristol (South West), with occasional travel within the UK.

Applications in strict confidence, with covering letter and enclosing a current CV (quoting reference EYTES01), by e-mail to [jobsyork@eurofins.com](mailto:jobsyork@eurofins.com). No agencies.
