

Electronics Technician

**Full/Part-Time (hrs negotiable)
Competitive hourly rate
University of York Campus**

Well-established provider of professional services to the Electronics Industry

York EMC Services Ltd, a subsidiary company of the Eurofins Group, is a leading international provider of electromagnetic compatibility, electrical safety and telecoms services.

Applications are invited for the position of Technician to assist in the manufacture of our test instruments (<https://www.yorkemc.com/products/>).

The successful candidate will have an HNC or equivalent, experience in handling, assembling and inspecting parts and products, from surface-mount components through to finished box-build. All assembly work is carried out under our ISO 9001:2015 DQS, and knowledge of IPC-610x or other related industry-based training would be an advantage. The role will also involve building prototypes, repairing and calibrating products, stock control and workshop maintenance. Good computer skills are essential and a familiarity with RF electronics would be an advantage.

For an informal talk about the post please call 01904 324440.

The post attracts a competitive salary with defined contribution pension.

Applications in strict confidence, with covering letter and enclosing a current CV (quoting reference YES/ET01), by either e-mail to jobs@yorkemc.com, or write to The HR Department, York EMC Services Ltd, Market Square, University of York, York YO10 5DD.

York EMC Services Ltd is committed to a policy of Equal Opportunities and welcomes applications from all suitably qualified candidates. Should you require further information please contact us.
